

GIOTTO

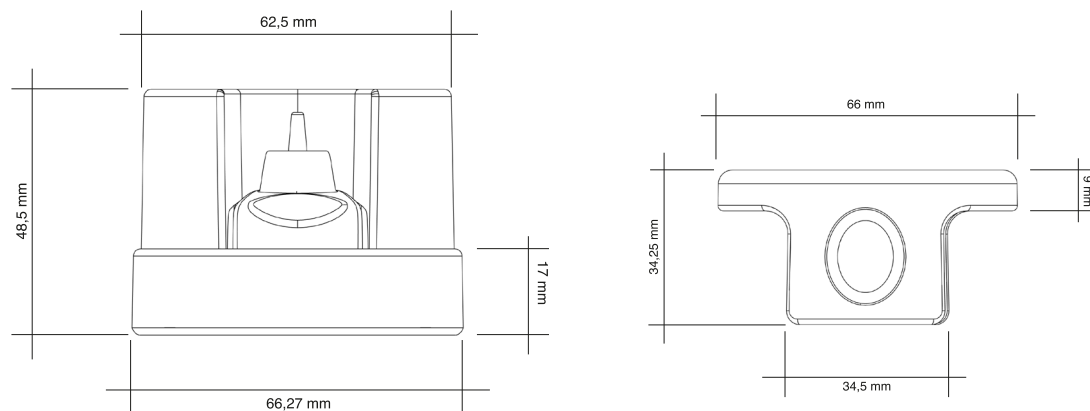

the new actuator ...
easy, practical and ... Italiano!!!

- **Practical and fast** opening: with a simple twist of the upper part you open and close the access to the erogator.
- No **removable part** can get lost while spraying
- Thanks to its cylindrical shape the spray can has a **good standing** on the automatic belt during the whole production cycle
- **Screwdriver opening** for an easy removal of the warranty seal
- **Recyclable** as one part
- Hip and attractive design: your product will **stand out from your competitors'** merchandise
- **Customizable** with different colours and with your logo pad-printing
- Ergonomic and **user-friendly**

Technical data:

- Diameter: 65mm,
- Height: 50mm
- Suitable for necked-in cans
- Material: PP
